- 3: OK Button
- 4: Time Select Button
- 5: Cancel Button
- 6: Ticket/cash tray
- 7: Payment instruction
- 8: Credit Card slot

CASH PAYMENT

Read Tariff information and associated signage carefully and work out how long you can stay and how much you need to pay

Insert coins into the Coin Slot, read the information showing on the display panel, which will tell you how much you have paid and what time you can stay until.

Press OK if you would like to proceed and collect your ticket to display on your car's dashboard

Otherwise press Cancel and collect your coins from the cash tray

Notes:

- Machine accepts the full Australian coin set but does not accept 5 Cent coins
- Machine does not give Change

In the event of any problems call the helpline **1800 307 122** and quote the meter ID number, located in the tariff information panel and outline the problem to the consultant

CREDIT CARD PAYMENT

Read Tariff information and associated signage carefully and work out how long you can stay and how much you need to pay

Press Time select, and you will see a message "Connecting please wait.." showing on the display panel first. You will then see the second message "**Insert and remove Card**".

Insert your Credit Card as shown on the meter, and remove it once

Press Time select and read the information showing on the display panel until the appropriate time and payment is displayed.

Press OK to proceed and collect your ticket to display it on your car's dashboard

Press Cancel to terminate the transaction

Notes:

Machine only accept Visa, Master card and Bankcard

When inserting the credit card, the black magnetic strip must be facing up
